Nothing saps your concentration as fast as frigid temps and wet, freezing conditions, but continuing to stack layers will restrict your ability to travel through the mountains. By upgrading our Blizzard system to an innovative synthetic insulation that uses trapped air to replicate the warmth and compressibility of down, we’re able to add warm-when-wet performance—plus significantly reduce bulk—so you’ll be comfortable and mobile in a whiteout.

The Wild Sheep Foundation (WSF) is organized to benefit wild sheep by generating funds by auctioning items donated by individuals and/or companies.

Any bid made at a WSF auction, whether in person at a live auction, by phone, online or at a silent auction, constitutes an unconditional offer to buy the item in question at the price bid. Unless a higher and subsequent bid is made, your bid creates a binding contract of purchase, obligates you to sign the bid ticket or, in the case of a phone or online bid, authorizes the person who took the bid to sign on your behalf AND requires that the bid amount be paid prior to the close of the auction. In the event that the successful bid was made by phone or online, the bid price must be received before the close of the fifth business day after the close of the auction. For any purchase of more than $100,000, upon request, all issued check currently dated will not be deposited until the opening of the sixth business day after the close of the auction.

Any failure of compliance with the provision above will result in the addition of any costs incurred because of non-compliance, plus the addition of interest at the rate of 1 per month, or portion thereof, that payment is late. Auction items must be paid for by the close of Convention. Payments will be taken at the auction payment table during the Ladies Luncheon, Life Member Breakfast, and all evening auctions. Payments can be made by cash, check, Visa, MasterCard, Discover, American Express. If the winner of an auction refuses to pay the winning bid price plus any premiums required, the item shall be offered to the next highest bidder for the price he/she bid. If the next highest bidder declines to the next highest bidder for the price he/she bid. If the winner of an auction refuses to pay the winning bid price plus any premiums required, the item shall be offered to the next highest bidder for the price he/she bid.

"WSF strongly encourages Special Permit buyers to book with a licensed, registered guide/outfitter in the State, Province, Tribal Nation or Country he/she is hunting. Use of non-licensed guide/outfitters may be prohibited by law. It is the legal responsibility of the permit buyer/holder to familiarize themselves with, and abide by, the game, outfitting, guiding, firearm use/importation or other applicable laws in the State, Province or Country they are hunting.

ONLINE BIDDING: All online bidders will be required to pay a 5% registration fee with a $250 cap. You will also be asked to provide the following information: Full Name, Email address, Address, Phone number, Credit card number, which an AVS is completed (Address Verification System) All purchases over the amount of $10,000 will require a call back from WSF Auction Team for verification.

ABSENTEE BID FORM: If you are bidding on behalf of someone that is not in attendance, you will have to fill out an Absentee Bid Form which will be provided at the Auction Payment Table (left of stage) during the banquet auctions.

FIREARMS: Before taking possession of your purchased firearm, the gun must be registered in compliance with all federal, state, and local firearms laws. To meet this compliance, WSF will ship the firearm, at the expense of the purchaser, from Headquarters to a Federal Firearms License (FFL) holder of your choice after convention. WSF cannot transfer any firearm at the Convention.

WSF AUCTION ITEM POLICY:
All goods in the live and silent auctions and fund-raising areas have been acquired or obtained from third parties. The purchaser acknowledges that the goods have not been inspected by WSF, and is advised, in the case of firearms, knives, bullets, or other weapons to obtain a competent inspection and test of the goods before use. The goods sold in both the live and silent auctions are sold “AS IS” with all faults and defects, and without any express or implied warranty on the part of WSF. WSF provides no warranties of fitness and expressly disclaims the same. WSF does not accept any liability or responsibility for any product, design, or use. Any written warranties on the goods delivered to the high bidder are those solely of the manufacturers, and/or their agents, and shall be the sole liability and responsibility of the manufacturer.

All services, hunts, or otherwise, in the live and silent auctions and fund-raising areas have been acquired for and are to be furnished by third parties and contain the same reservation set forth under “goods” above. No services in the live auction are to be or will be performed by WSF. WSF shall bear no responsibilities for the delivery or quality of any of the services, or for any loss or damages arising from or related to or connected with the performance or non-performance of such services. The purchaser also acknowledges that in the event that services are purchased, WSF cannot be responsible for or liable for any political unrest or instability that may occur outside the United States. WSF cannot be accountable for any injuries or damages that may arise there from. WSF reserves the right to add items to the auctions as additional donations become available. Only WSF exhibitors may solicit and/or market to permit buyers or attendees on the expo or auction floor during our conventions. Solicitation by non-exhibitors violates WSF Exhibit policy and is prohibited.

AUCTION ITEM SCHEDULE/PAYMENT/PICK-UP
Silent Auction results will be posted at the close of the auction in the Silent Auction Area and at the Registration Desk. Payments will be taken at the Registration Desk from 3:30 p.m. to 4:30 p.m. Arrangements for item pick up can be made at that time. Bidding begins Thursday at 10:00 a.m. and ends Saturday at 2:30 p.m. Banquet Silent Auction (located in the Tuscan Ballroom of the Peppermill) will open at 6:00 p.m. Wednesday Night and close at 8:00 p.m. on Saturday Night. Any items left in the inventory, either unpaid or uncollected, will be taken back to WSF Headquarters and shipped at the purchaser’s expense. You can contact the business center located on ground level for Outgoing packages only, phone number 775.826.2121 ext. 7205

Items may be picked up during the auctions with proof of payment. The Auction Volunteer Team will be available in the auction hall to assist you in obtaining your item. In addition, you can pick up your item in the Silent Auction Display area (located in the Exhibit Hall) during show hours, and the Live Auction items in the Tuscan Ballroom of the Peppermill. Please have your receipt available.

JOHN BAIR
John G. Bair grew up in the small farm town of Manti where he spent his youth hunting, fishing and riding horses in the mountains of central Utah. He graduated from Continental Auctioneer School in Mankato, Minnesota where he was voted ‘Best Overall Auctioneer’ in 2001. In the last 19 years, John has auctioned some of the biggest conservation events in the country, helping raise over 100 million dollars for wildlife and our nation’s hunting heritage. He’s also worked countless events benefiting cancer research, high school athletics and FAA, as well as other fundraising missions. John’s passion for conservation reaches far beyond his fundraising efforts. He served for eight years on the Utah RAC or Regional Advisory Council, and was then appointed by the governor of Utah to serve six years as a member of the Utah Wildlife Board where he spent two years as Board Chairman. John has also donated countless hours to the Utah Division of Wildlife as a member of management committees benefiting mule deer, elk, black bear and wild sheep. He has shared the stage with industry icons such as Jeff Foxworthy, Donald Trump Jr., Rob Keck, Johnny Morris and Ted Nugent. John is the father of three children and resides in Springville, Utah where he spends his free time hunting coyotes, riding mules and enjoying the great outdoors.

LES OHLHAUSER
Les is an avid hunter and veteran of the United States Army. He lives in Denver, Colorado. Les has been involved in the auction business since he was 12 years old. Les supports the Wounded Warrior program and as a guide and outfitter he takes several Wounded Warriors hunting each year, several of these hunts were televised. Les does over 60 auctions a year for conservation, working 22 states and two Canadian provinces. Les is also a professional rodeo announcer working over 20 rodeos each year. His ability as a conservation auctioneer has taken him as far north to Alaska doing several auctions in that state. This is Les’ seventh year with team WSF.

JOSH LINEBAUGH
Josh lives in Powell WY. He has been in the auction business since 2006 and has traveled all over the US doing all types of auctions from wildlife organization, equipment, auto and livestock sales. He has been fortunate enough to win state titles in auctioneering in Wyoming, Washington, Oregon, Idaho as well as winning a people’s choice award in Wyoming. When he is not at an auction you might find him announcing a rodeo as he also holds many association cards from PRCA to local associations. When home he enjoys team roping, hunting and getting into the mountains whenever possible.

Aoudad are an intriguing, challenging, and affordable big game species to hunt. They are prolific breeders, and their populations are expanding. This growth is expanding opportunity, but also creating challenges in shared habitats with wild sheep, mule deer, and other wildlife. Learn where to hunt them and what WSF and its partners are doing to help establish best management practices.

Presented by: Austin Atkinson & Robert Hanneman of Huntin’ Fool

Full-time Hunt Advisors Robert and Austin from the Huntin’ Fool Team will share their tips and secrets to simplifying the planning process to obtain more tags and hunt more each year. For over 25 years, Huntin’ Fool has helped hunters obtain more hunting opportunities in all Western States with the goal of helping hunters draw the best tags available. Topics will cover the truth about point creep and how to develop a short-term, long-term, and lifetime Application Strategy. Learn how to budget better to hunt each season through state draws, raffles, and other unique opportunities. Demystify the draw process by attending this one-of-a-kind seminar!
This presentation by WSF Life Member Dr. Brian D. Tallerico of Mountain Medic, Inc. will focus on backcountry medical emergencies and what the prepared mountain hunter needs to have in the pack to save the hunt...or even a life.

Topics will include altitude sickness, simple laceration/wound care, tourniquets, infections, sprains/strains/fractures, intestinal illnesses, and even life-threatening penetrating trauma.

Greg Schildwachter - WSF's Lobbyist in D.C.

WSF and its Legislative Affairs Committee is active behind the scenes keeping a watchful eye on legislative and policy matters that could positively or negatively impact wild sheep and our ability to properly manage them.

The experts at Mountain Tough Fitness Lab will share some secrets to getting in and staying in the type of physical shape needed to keep climbing whatever your age.

Panel Discussion led by Kurt Alt, Conservation Director - Montana & International Programs

Jack Atcheson, Jr. Chair, Conservation Committee - International Programs

Jim Breck Bean (High West Outfitters)

Conservation permits are a tremendous tool to provide stable funding that benefits species conservation and local communities in Central Asia. Hunting of international species listed under the US Endangered Species Act (ESA) require data and reporting for import into US. This information is vital to the US Fish and Wildlife Service International Affairs Branch in making status determination of species listed under the ESA and in issuing import/export permits. We will also have participation from Central Asia interests. There will be ample time for questions.

Forever young sounds good, but to stay in this game at a level that is safe, enjoyable, and rewarding takes more than wishful thinking.

The central asia conservation initiative & USFWS presentation - FRIDAY: 8:00 - 9:30 • Base Camp Studio

Panel led by: Shane Mahoney, President & CEO of Conservation Visions & Tony Wasley, Director, Nevada Department of Wildlife & President of the Association of Fish & Wildlife Agencies

A panel discussion on the Model and how it has proven its worth. But is it time for a new Model? Pressure is being brought from many sources for a new, more inclusive framework for the management and allocation of wildlife. What will this mean for the missions of state, federal, and provincial agencies, and what role should the hunter-conservationists community play in these discussions?

NEED NOT BE PRESENT TO WIN
Here is a rare opportunity for what can only be described as a true “hunt of a lifetime.” One hunter will win this all-inclusive adventure for the largest mountain sheep species in the World, the Altai Argali! This hunt is an all-inclusive package, includes permitting, is guided by English-speaking guides and all in-country ground travel and services, including round trip economy air travel, $5,000 USD in guide tip money, and $2,500 for in-country incidentals, plus expert assistance with import permitting and other planning needs.

The tradition of hunting in Mongolia spans over eight centuries, back to when Genghis Khan ruled the largest empire on Earth. This tradition has changed very little over those hundreds of years. It is a land of an ancient culture of nomadic horsemen and unspoiled wilderness at the World’s apex, and above all, friendly people. As Mongolia has existed, the tradition of welcoming the traveler has been an essential element of their heritage.

**INCLUSIONS**
- R/T economy airfare
- Meeting and Greeting - pickup & transportation in Ulaanbaatar city
- Airport VIP lounge fee
- Domestic Flights & in-country travel & lodging
- All ground transportation (airport-to-airport service) for the duration of your hunt
- State Veterinary certificate & export documentation
- English speaking interpreter 1x1
- Experienced professional hunter(s) accompanied by skillful tracker(s) 1x1
- Ger Lodging & meals at camp, camp staff services
- Unlimited bottled water, soft drinks, and alcohol drinks in moderation
- Ger lodge and tent accommodation
- Trophy skinning and preparation
- $5,000 in guide tips
- $2,500 for incidentals
- Community fees and field care of the trophies

THE ULTRALIGHT ALPINE WORKHORSE

NEW TERMINUS

The goal was to create the lightest, strongest 7000 cubic inch alpine hunting backpack for the sheep and goat hunter. The result is the new Terminus, weighing in at less than 4 pounds. By sewing the bag directly to the frame and incorporating an internal Load Cell, we built this alpine workhorse to get your gear into high country. Using proven SG frame geometry and load capability, we built this pack with plenty of room to get that gear—and meat—back out.

DONATION: Working with the support of the Wild Sheep Foundation, the WSSBC (Wild Sheep Society of BC) and the GOABC (Guide Outfitter Association of BC) have come together to bring you the 6th Annual Jurassic Classic Sturgeon Fishing Tournament, which will take place on the majestic Fraser River in British Columbia, Canada. This collaborative event brings conservationists together from across North America to raise funds for wild sheep conservation projects in British Columbia. This event is being offered Aug 12-15th, 2022 and will include 28 professionally guided teams, each consisting of two anglers, from all across North America. Join us in Chilliwack BC for two all-inclusive days of world-class sturgeon fishing, meals, three nights hotel accommodations, topped with an awards banquet on the final evening of the weekend. In 2021 the prize package was valued at nearly $150,000. This is not your standard ‘fishing trip’ and is exclusive to only those who purchase teams through conservation chapters and affiliates. The Jurassic Classic was awarded the WSF Presidents Award in 2019. The focus on this trip is to promote and support wild sheep projects in British Columbia and provide the 56 anglers with some great camaraderie and friendly competition. The underlying theme of this event is to show up and enjoy a weekend where we take care of all of the details. All participants will be treated to a Wild Game BBQ on the shores of the mighty Fraser River on the Saturday evening. This two day fishing trip is provided by Great Rivers Fishing Adventures who offer fully guided world-class white sturgeon charters with fish that can exceed 1500 pounds and 13 feet in length. Come out and support BC wild sheep projects and enjoy a great weekend on the river. In 2021 this event was a great success and raised well over $50,000 for wild sheep projects across British Columbia. Demand is extremely high for 2022 with most teams returning year after year and a limited number of spots due to Covid-19 deferrals in 2020. This is one of your only chances to be a part of this event and support the Wild Sheep Foundation!!

BOOTH# 1014

DONATION: Mike Odin of Mike Odin’s Alaska Adventures, LLC is pleased to donate a 5-day/5-night, Sitka black-tailed deer and Sea Duck combo hunt for one hunter on Kodiak Island. Hunt Kodiak’s pristine wilderness for Sitka black-tailed deer and trophy sea ducks for an exciting wing shooting and hunting adventure. We have extremely high success rate for sending clients home with a nice trophy buck and a wide variety of trophy sea ducks. Method of take is hunter’s choice for deer hunts and bring your shotgun and shells for sea duck hunting.

DATES: Schedule hunt with outfitter for open dates from October - December 2022 or 2023. Deer season is August 1 - December 31. Deer limit: 3 deer. Kodiak waterfowl season is October 8 - January 22. Duck limit: 7 per day, 21 in possession; Sea Duck limit for Nonresidents: 7 per day, 20 per season. Goose limits are available too.

ADDITIONAL HUNTERS: Additional hunters are welcome for $6,500 per person. Limited to groups of 4 clients per week. Discount for military and first responders.

ADDITIONAL NON-HUNTERS: Contact Mike for availability.

AMENITIES INCLUDED: Experienced guides/transporters, migratory bird hunting guides (2-3x1), wilderness cabin accommodations (warm comfortable), hearty home cooked meals and beverages, in-field transportation (Sea runner and Klamath boats), duck decoys lines, VHF/marine radio, bird prep/cleaning, and airport pick-up and drop-off.

AMENITIES NOT INCLUDED: Purchaser is responsible for before and after hunt expenses, commercial airfare, hotel, air charter passenger seat to and from camp (approximately $400 RT each hunter), Alaska nonresident small game license ($60), deer tags ($300 each), harvest tickets (no fee), federal migratory bird hunting stamp ($25), Alaska waterfowl conservation stamp ($10), shipment of trophy/game meat, taxidermy trophy services, and gratuity.

LOCATION: Arrival and departure point is the city of Kodiak, Alaska where you are met by Mike’s crew or your air charter transporter.

ACCOMMODATIONS: Hunts commence from our wilderness cabin where you will be transported to nearby river drainages, bays, islands and fjords each day to hunt and return each day for warm meals and lodging.

SPECIAL NOTE: We hunt trophy black-tailed deer during prime rut and trophy sea ducks with non-stop action during Kodiak Island wintering grounds. Sea duck hunting on Kodiak Island is primarily done over decoys from shore or floating blinds, and jump-shooting birds. Our sea duck guests are typically treated to opportunities for Harlequin, Old Squaw (long-tailed duck), Mergansers (common and red breasted), Scoters (common, surf and white-winged), King and Common Eider. They take care of every detail, don’t miss this great Alaska hunting adventure. Also, ask Mike about Kodiak brown bear, Mountain goat, and Emperor goose hunts.

COLORADO ROCKY MOUNTAIN GOAT LICENSE

ROSS BRUNO
E: ross@goatalliance.org
P: 303.726.5031

The Rocky Mountain Goat Alliance is proud to bring the 2022 Colorado Statewide Mountain Goat license to the Wild Sheep Foundation Convention. Colorado has the most beautiful alpine landscapes and some of the healthiest mountain goat populations in the western United States. Get your chance to harvest a mature trophy goat. The winner of this tag will have the opportunity to pursue a nanny or billy for approximately a four-month time frame. Auction license holders have the option of hunting in any open unit, from when units open in September through December in pursuit of beautiful, long haired trophies. Participating in this amazing Colorado mountain goat hunt opportunity also helps support the conservation efforts of the Rocky Mountain Goat Alliance (www.goatalliance.org) and Colorado Parks and Wildlife. Your bid today ensures healthy populations and habitat for years to come. Thank you for supporting mountain goat conservation.

The season start dates are unit and weapon specific but the purchaser of this tag will be able to hunt any Colorado unit with a mountain goat season and with any legal method of take, as well as, have the added benefit of a closing date of December 31, 2022. Most seasons finish around the first week of October but the winner of this tag will be allowed to hunt after all other seasons have closed and may be the only goat hunter in the field. Guiding/Outfitting is not included with the purchase of this tag. The tag cannot be bartered or sold to another person. Successful bidder must be eligible to hunt in the State of Colorado. If you are interested in this tag and want specific information on season dates, or just have questions, please call or email!

**THU-13  6 - DAY RIFLE ONLY HUNT FOR ELK IN MONTANA FOR 1 HUNTER**

**JACK CREEK PRESERVE FOUNDATION**

Abi King  
P: 406.682.3358  
E: aking@jackcreekpreserve.org  
W: www.jackcreekpreserve.org  

**DONATION:** 6-day rifle only hunt on 4,500 acre private property, the Jack Creek Preserve for 1 hunter. This connects the south and north units of the 259,000 acre Lee Metcalf Wilderness in Montana. Due to very restricted hunting pressure on the Preserve's property and surrounding public and private land, trophy quality is extremely high. Access to Preserve and the surrounding land is limited by a gated road running from Ennis to Big Sky resulting in almost no public pressure on the surrounding public land. In partnership with the Wild Sheep Foundation and other conservation organizations, the Jack Creek Preserve Foundation offers Conservation Field Schools for teachers every summer where they learn about the importance of hunter based conservation and about the conservation work that the Wild Sheep Foundation performs. Not only will you get to visit one of the most spectacular areas in the lower 48 and hunt elk, but you will be helping a great cause by funding these teacher conservation workshops.  

**DATES:** Approximate season dates are October 20 - November 24, 2023, you will pick a 6 day period in this timeframe.  

**ADDITIONAL HUNTERS:** Not available.  

**AMENITIES INCLUDED:** Use of remote cabins for sleeping/base camp accommodations on the JCP property. No electricity or running water. 4 wheel vehicle necessary. Access to the property for scouting prior to the hunt can be arranged.  

**AMENITIES NOT INCLUDED:** Guiding is not included, but may be arranged with local outfitter.  

**LOCATION:** Madison County, MT.  

**SPECIAL NOTES:** Each year the Preserve offers access to (2-3) archery hunters and (2) rifle hunters to the property to help fund its conservation education programs. The average elk taken over the last 10 years of archery and rifle hunting has typically had a score ranging from 320"-360" P&YC Points. In 2016, one of the archery hunters took a bull scoring 372" and a past year's rifle hunter took a monster 8X7 elk. This game management unit is associated with the statewide elk and deer combo tag. Non-resident drawing odds are nearly 100%. We will reschedule the hunter to 2024 if they do not draw a tag.  

**VALUE:** $10,000-$15,000

When it’s day nine of your ten-day Dall Sheep hunt in the Northwest Territories, and you wake up to six inches of snow it’s not a great time to be limited by your hunting boots. Some may wait it out in the tent, but your Mountain Extremes give you the wherewithal to continue hunting, no matter what Mother Nature throws at you. There is nothing tougher than high altitude sheep hunting, so to help you in your hunting adventures, we built a boot tough enough to keep on charging, no matter what conditions arise.

DON’T JUST TAKE OUR WORD FOR IT...

When your season consists of 100 days in the mountains, carrying heavy packs, you need great boots. Footwear for us is not a matter of luxury or fashion, it’s a function of performance under terrible conditions. Years and miles of abuse have shown me which boots work best - Kenetrek; comfort and durability to match the conditions of my hunts.

BOOTH# 1051

Enjoy a hunt for Nebraska’s largest big game species. Nebraska provides great opportunity to harvest trophy-class elk, surpassed by few. Over the past few years, both the typical and non-typical state records have been broken. Each year, nearly 70% of bulls harvested are mature animals six by six or better. In 2020, Bull harvest success was 88%.

This Auction permit will be for one person (guides/outfitter not included but contacts can be provided upon request) and will take place in any one of the seven elk management units throughout Nebraska during the fall season. Bull elk Firearm season is open September 21 through October 31. Archery Bull elk season begins September 1 and closes on the same date as Bull elk Firearm season. This permit is valid for one bull elk for 2022. Hunting permit will be provided, but successful bidder will need to acquire a 2022 habitat stamp ($25).

A 5% buyer’s premium will be added to the final bid price of this special permit/tag (unless prohibited by statute.) Proceeds will be dedicated to WSF Conservation Initiatives. If the winner of this item refuses to pay the premiums required, the item shall be offered to the next highest bidder for the price he/she bid.

DONATION: There is no I REPEAT, NO BETTER WAY TO EAT BIGHORN SHEEP or any animal that doesn’t give trig. The Flip Flop experience is one that no person should ever miss out on, I, as well as some other families from Vacaville and west Marin can attest that when you call someone and say we’re doing a Flip Flop it usually takes a really great reason for them to not be there. There’s just nothing like it; everyone coming together, nothing but smiles and laughter, sharing great cooking and experiences in the great outdoors together. “It has been a highlight of my life every summer as far back as I can remember, and I hope that it becomes a highlight for everyone else’s families as well. It’s too epic of a method of cooking to not have it be that way.” Andy Moekel is donating this Flip Flop Backyard BBQ for the 2022 “Sheep Week”! DONATION: This is a 3-day Iberian mouflon hunt in the Pyrenees Mountains in Spain for 1 hunter and 1 non-hunter. Plus 1-day of driven hunt for wildboar Spanish style. Trophy fee is included for 1 Iberian mouflon sheep and any wildboar harvested during the driven hunt. This hunt can also be upgraded with the following species: Spanish ibex (Becete, Gredos, Southeastern, and Ronda), Pyrenean chamois, Cantabrian chamois, European roe deer, Iberian red stag, fallow deer, barbary sheep. The driven hunt will take place once the Iberian mouflon sheep is harvested.

DATES: The hunting season goes from September till the end of March 2022 or 2023. Please contact the outfitter for available dates. Best dates, late October, and November for the rut period.

ADDITIONAL HUNTERS: Welcome for $750 per day and trophy fee.
ADDITIONAL NON-HUNTERS: Welcome for $350 per day.

AMENITIES INCLUDED: Pick-up at Barcelona Airport and transportation, gun clearance, round trip from Barcelona to the hunting area. Trophy fee included (1 Iberian mouflon sheep) and any wildboar harvested during the driven hunt. Spanish cuisine accompanied by a red wine selection.

AMENITIES NOT INCLUDED: Trophy preparation and exportation, VAT Taxes 21% of the total value of the donation ($9,000 US) is not included. License and insurance: US $300/area. Tag $400 rifle hire: $150 per trip plus ammo. Hotel in Barcelona before and after the hunt is not included. Touring & sightseeing + car service $490/day.

This donation cannot be combined with other donations or promotions. Past donation buyers cannot buy this donation.

LOCATION: The hunt will take place in the Pyrenees Mountains close to Barcelona in the Catalonia region. The hunting method is mainly spot and stalk, being the area pre-scouted to locate the game prior to the hunter’s arrival. Mountain hunts can be physically demanding and requires a decent shape. Driven hunts are perhaps the most intense hunting- and wildlife experience you can imagine. A line of beaters push the game in front of them towards a chain of waiting hunters, and in this way you can be relatively certain of getting a chance of shooting game a number of times each day.

ACCOMMODATIONS: During the hunt you will be accommodated at a “charming” small hotel in the middle of the hunting area and enjoy the Spanish cuisine. There will also be time to do some sightseeing and visit the most emblematic parts of Barcelona and the Catalonia region. If the schedule allows, we can arrange a private tour to the vineyards and museums. We encourage hunters and observers to extend their days in Spain to tour around and experience all that Spain has to offer.

SPECIAL NOTE: This trip is the perfect combo for those hunters looking for a mountain hunt and top notch gastronomical/sightseeing experience in Spain. The Pyrenees are well known for their beauty and ruggedness. These majestic mountains allow you to experience a real mountain hunt just 1.5 hours from Barcelona. In this mountain range you will hunt at between 6500 and 8000 feet, a true paradise for mountain hunting lovers in pursuit of the wild. Taking advantage of the proximity to Barcelona we will visit this cosmopolitan city. Few European cities can offer you the wide diversity of cultural experience that you'll find here in Barcelona. Couple that with the luxury of 4.2 km of beach only a short walk from the city center, warm sunshine most of the year, you have all the makings of a complete holiday in Spain. You will also get to know the city with a local English-speaking guide native to Barcelona that knows exactly what NOT TO MISS.

They grow big in Alberta! Alberta mule deer are among some of the top Boone & Crockett Club’s record holders. Mule deer can be found across the province in grasslands, boreal and parkland forests, right through to steep broken terrains and river valleys, so this hunt is sure to provide you with the opportunity to explore Alberta’s amazing natural, scenic beauty, while selecting the perfect muley to harvest.

The successful bidder will win the opportunity to hunt one ANTLERED MULE DEER, in accordance with all provisions of the Wildlife Act and Wildlife Regulations. This special license is valid anywhere in Alberta during a general mule deer season or a special antlered mule deer draw season as identified in the 2022 Alberta Guide to Hunting Regulations.

The use of these funds will be directed to the long-term benefit of wildlife, fish, and habitat throughout Alberta, ensuring the continued success of this, and other species, for many years to come.

Proudly managed by the Alberta Fish and Game Association, conserving Alberta’s wildlife since 1908.

**LICENSE CONDITIONS**

The license holder is required to hire a licensed outfitter-guide and be accompanied by a designated guide or by a hunter host as per regulations.

This special license is valid anywhere in Alberta during a general mule deer season or a special antlered mule deer draw season as identified in the 2022 Alberta Guide to Hunting Regulations. This license is not valid in WMUs 728 & 730 (Camp Wainwright). This special license is also valid from December 1 to December 31, 2022, anywhere in Alberta (except WMUs 728 & 730 Camp Wainwright) that has a general or special antlered mule deer season identified in the 2022 Alberta Guide to Hunting Regulations.

A 5% buyer's premium will be added to the final bid price of this special permit/tag (unless prohibited by statute.) Proceeds will be dedicated to WSF Conservation Initiatives.

If the winner of this item refuses to pay the premiums required, the item shall be offered to the next highest bidder for the price he/she bid.

DONATION: This is a great opportunity to have your hunting trip professionally photographed for 1 hunter. Expedition photographer Kendrick Chittock is donating five days in the field to the Wild Sheep Foundation for Sheep Show 2022. Kendrick will accompany the winning bidder on their hunting or fishing outing of their choice during calendar year 2022 and document the special outing. Receive a selection of digital photographs for personal use, and (1) printed photo book of your expedition. You can also upgrade the donation with a metal or acrylic wall art, framed photographs, or commercial use of images for additional fees. Additional photography days in the field are also available for the same rate provided via donation to WSF of $750/day.

SPECIAL NOTE: Kendrick Chittock is an expedition photographer based in Ohio, USA. Kendrick has covered mountain hunting, remote fly fishing, wilderness floats, and conservation projects throughout North America and abroad. His work has been published in various outdoor publications including Gray’s Sporting Journal and The Fly Fish Journal, among others, and his images have helped to raise transformational funding for non-profit organizations. From fine art to story-telling, Kendrick will reveal lasting images of each day in the field. Always observing, never spectating, Kendrick will capture your story in the mountains, swamps, fields, rivers, and sea.

DONATION: This is a great 3-day free range hunt for a Sindh ibex in southern Pakistan for 1 hunter. Hunter can expect to collect an ibex in the 38” to 42” range. 40-inch mark is considered to be the magic number for this subspecies of ibex but bigger trophies can be collected in this area. The biggest trophy ever collected by our clients was a 48 inch. Trophy fee is included for up to 39” Sindh ibex.

ADDITIONAL HUNTERS: $18,000 up to 39” + $1,000/inch over 39”.

ADDITIONAL NON-HUNTER: $2,400.

LOCATION: 3 hours drive north of Karachi, Pakistan.

AMENITIES INCLUDED: Visa invitation, custom handling, hunting license, gun import permit, area fees, and transfers to and from Islamabad and Karachi airport, full board accommodation in the area, Caprinae PH/interpreter, and local guides.

AMENITIES NOT INCLUDED: International and domestic air fares, trophy shipment, hotel accommodation before and after the hunt, visa cost, and personal expenses.

ACCOMMODATIONS: Hunters are accommodated in the comfortable and beautiful guest house the ruling family provide for their guests. The villa is located in the middle of the huge hunting area and offers all the modern amenities including wi-fi. Every hunter has their own room with a private bathroom that offers hot shower 24/7.

SPECIAL NOTE: With rugged snowy mountains that have fluted icy pinnacles piercing the sky and windswept plains stretching for miles, Pakistan is a land of contrasts. It offers some of Asia’s most mind-bending features and a kaleidoscopic view of culture and ethnic structure. Being a game rich country, Pakistan was appreciated by a number of trophy hunters long before its separation from British India. Many British soldiers here had the privilege of pursuing these elusive game animals back in colonial times. Now it is your turn to hunt in these lands and have a taste of the excitement these sportsmen previously experienced. This hunt can easily be combined with Blanford urial that inhabit the same exact area.

Arizona is known for producing many of the largest pronghorn bucks in North America. You only have to look at the Boone and Crockett record book to see. If you truly want the chance to hunt for some of the biggest pronghorn in North America… buy this tag!

This tag is good for Any Buck Pronghorn. The hunting season is 365 days (AUGUST 15, 2022 – AUGUST 14, 2023) and includes most huntable pronghorn units (Units 1-10, 11M, 12A, 12B, 13A, 13B, 15A, 15B, 17A, 17B, 18A, 18B, portions of 19A, 19B, 30A, 31, 32, 34A, 34B, 35A, and 35B) within the state of Arizona as prescribed in AZ Game & Fish rule R12-4-120 (Commission Order 29). The buyer of this tag must provide the name of the hunter to be printed on the tag to the Arizona Game and Fish Department within 60 days of the auction. The hunter to be named on the tag is now also required to possess or purchase a valid Arizona hunting license (the hunting license is no longer included with the tag).

All proceeds from the sale of this tag are used to fund on-the-ground pronghorn projects like water developments, habitat enhancements, relocations, and highway mitigation research. The Arizona Antelope Foundation and the Wild Sheep Foundation absorb all costs for marketing and auctioning the tag. To date, more than $2.8 million has been raised strictly for pronghorn management through this auction tag. The Arizona Game and Fish Department is grateful to the individual hunters and the wildlife conservation organizations that continue to help fund Arizona’s pronghorn restoration program! It is a great success.

E: ranch7d@wyoming.com
W: www.7dranch.com
DONATION: The 7D Ranch is one of the premiere dude ranches in the Western United States. It has been owned and run by the Dominick family for over sixty years. The 7D prides itself in a customized western experience in one of the most spectacular mountain locations in the world. The ranch sits right in the heart of Sunlight Basin, an incredible valley in Northwest WY. The 7D has a very strong horsemanship program that accommodates people who have never ridden to the most advanced riders. We also have an enthusiastic children’s program that gives our younger guests plenty to do during the day. A full-time fishing guide and activities coordinator gives anyone who does not want to ride lots of other fun options for enjoying the wilderness surrounding the ranch. This is a great family vacation that offers something for everyone. This donation entitles two people to a week stay at the 7D Ranch. Package includes 7 nights lodging in a private cabin, all meals, and all ranch activities (horseback riding, fly-fishing, hiking per child. The winning bidder of this donation must contact the ranch directly to make reservations.

AMENITIES NOT INCLUDED: Guests are financially responsible for any purchases made in the Ranch General Store, airport transfers to the ranch, gratuities, and taxes.

*Proceeds from this hunt will go to the WSF Women Hunt™ Program. The Women Hunt™ Program engages and helps more women cross barriers on their journey into fields and the mountains and helps to develop them into tomorrow’s conservationists.

DONATION: This is a 5-day Alaskan spring black bear hunt over bait for 2 hunters. Sue is encouraging women to consider this hunt with their daughter or son to introduce more female and kids into hunting. This is great opportunity for a parent or family member especially a Mother/daughter or parent/child to hunt bears at close range. Sue Entsminger & son, Matt Snyder, are owners of Alaska Hunting Adventures. Matt books fall hunts and specializes in Tok Management Area Sheep where he was raised. Sue books the spring bear hunts. This hunt is for 2 hunters guided by Sue Entsminger, Wild Sheep Foundation’s own Artemis Award winner in 2016. This area has 40-50% color phase blacks ranging from chocolate to blonde.

DATES: This hunt must be scheduled for May or June 2022 and cannot be delayed.

ADD ONS: Grizzly bear for one of the hunters can be added for an addition $11,500 which moves hunt to 8-day hunt.

ADDITIONAL HUNTERS: Contact Sue for availability.

ADDITIONAL NON-HUNTERS: Welcome for $325 per day, but kids under 16 are free.

AMENITIES INCLUDED: This hunt is all inclusive once you get to camp, includes all accommodations & transportation from base camp, $100 land use fee, $150 membership Non-Resident Hunter Preservation Fund, meat care and field skinning.

AMENITIES NOT INCLUDED: The hunting licenses $160 and black bear tag fee of $450 for each hunter. Travel to and from Tok, Alaska or Mile 91 Tok Cutoff and taxidermy fleshing.

ACCOMMODATIONS: You will be staying at the home/lodge of Sue & Frank Entsminger then transported daily to the bait stations.

SPECIAL NOTE: Our experienced taxidermist can provide proper fleshing services or the hunter can take frozen hides to their personal taxidermist. All bears must be sealed before leaving Alaska. We assist in all these arrangements. Alaska has meat salvage requirements. We can help you if you wish to take any meat home or you can transfer possession to us. Guides/outfitters Matt Snyder & his folks Sue and Frank Entsminger are a family operation committed to welcoming the hunters to their wilderness setting. They have lived next to the Tok Management Area (TMA) in the Eastern Alaska Range since 1977 & hunted since 1969. Every hunt is custom designed to meet your specific needs. All of the sweat and hard work will be worthwhile when you finally connect on the trophy that you’ve always dreamed about, taken in the true spirit of fair chase. You will come as a client, but you’ll leave as a friend.

**DONATION:** Browning is delving into semi-custom rifle production with the new X-Bolt Mountain Pro. What classifies the X-Bolt Mountain Pro as a “semi-custom rifle” is the level of specialized finishing touches and higher end construction above the already top-tier X-Bolt family of hunting rifles. First, the X-Bolt Mountain Pro features a true carbon fiber stock - now lighter than previous versions – making it lightweight and rigid. The stock is filled with a noise-dampening foam. Additionally, the Cerakote finish on the stainless-steel action and barrel is also on the exterior of the stock for added protection. The Burnt Bronze hue mutes the color of the stock for better concealability. The barrel features a new proprietary lapping process to provide consistent accuracy and easier bore cleaning – avoiding the need for a time-consuming break-in process. Other features include a spiral fluted bolt and bolt knob, threaded muzzle with our new Recoil Hawg muzzle brake that reduces felt recoil up to 77% (depending on caliber), effectively taming your favorite magnum cartridges. SPECIAL NOTE: WSF takes pride in our educational missions and this mission is no exception. El Ranchito de los Niños is a public charity, not-for-profit organization that provides children (focusing on sibling groups) with a permanent and long-term, non-denominational home in a rural family farm setting as an alternative to foster care. Children need a permanent stable home where they are loved unconditionally. El Ranchito de los Niños, an alternative to foster care, is a safe, loving home where children grow in a supportive family farm setting. Children ages 0 to 18 are considered for admission to the home. El Ranchito's mission is to keep brothers and sisters together, and to give siblings a stable and loving home in which they can grow into adulthood together. This isn't just a home, it's a ranch where the children learn about taking care of animals, helping train horses and many other important life lessons. The goal of this ranch is to break the cycle and give these children the opportunity to grow and prosper and become an active and productive adult. Help WSF give back to what is one of our most precious commodities... children. The proceeds from the sale of this bull elk tag will go to the El Ranchito de los Ninos home to help with the costs involved.

Hunting elk in Alberta, Canada is an awe-inspiring opportunity you won’t want to miss! Elk can be found in the Rocky Mountains, foothills, boreal forest, and parkland regions, so this hunt offers the successful bidder a wide range of choices to get out and experience the scenic beauty Alberta has to offer. Hunting for these big boys, you may even find yourself surrounded by a harem, a harem of cow elk that is.

Don’t miss the opportunity for this exceptional hunt through the Alberta Minister’s Special License Antlered Elk tag. The successful bidder will be able to hunt one ANTLERED ELK, in accordance with all provisions of the Wildlife Act and Wildlife Regulations. This special license is valid in Alberta during a general elk season, or a special license antlered elk draw season, as identified in the 2022 Alberta Guide to Hunting Regulations.

The use of these funds will be directed to the long-term benefit of wildlife, fish, and habitat throughout Alberta, ensuring the continued success of this, and other species, into the future.

Proudly managed by the Alberta Fish and Game Association, conserving Alberta’s wildlife since 1908.

LICENSE CONDITIONS

The license holder is required to hire a licensed outfitter-guide and be accompanied by a designated guide or by a hunter host as per regulations.

This special licenses valid in Alberta during a general elk season or a special license antlered elk draw season as identified in the 2022 Alberta Guide to Hunting Regulations. This license is not valid in WMUs 728 & 730 (Camp Wainwright), WMU 624 (Cypress Hills Provincial Park, and WMU 936 (Cooking Lake-Blackfoot Grazing, Wildlife and Provincial Recreation Area).

In addition to the antlered elk seasons listed in the 2022 Alberta Guide to Hunting Regulations, this special license is also valid from December 1 to December 31, 2022 in the following wildlife management units:

3. Six-point elk (or larger): WMUs 404-408, 412-428, 430-446, 509.

Here is your opportunity to harvest the Dall's sheep trophy of a lifetime! The Chugach special permit area includes all of the drawing permit areas of the Chugach Mountains in Alaska Game Management Units 13D, 14A, and 14C. With this permit, you can hunt any of these units, including Metal and Friday Creeks, Tazlina Glacier, and the Ram Valley and Falls Creek areas within Chugach State Park. All of these units have had very limited hunting pressure for the last several years. Much of the Chugach has been on limited draw since 2008, and permits are in very high demand. Many hunters report complete solitude on their hunts, a situation not experienced since the glory days of the 1960s and 1970s.

Imagine pursuing multiple 40+ inch class Dall's sheep through glaciers, high cirques, and snowcapped peaks, while walking on generations-old sheep trails by yourself. This permit gives you the very real possibility to put a Dall's ram from Alaska into the record books. Sheep harvested by several of the past Alaska Chugach Dall's sheep permit holders broke the magic 170-inch mark with several others in the mid to high 160s. The guides and hardcore hunters that know this area insist that even bigger ones are making it through the hunting season and the Alaskan winter, and are still out there.

Finally, by purchasing this permit, you are supporting Alaska's Dall's sheep research program and making a critical contribution to sheep research and management in Alaska.

We extend our thanks to AK WSF and WSF and especially the permit purchasers; we appreciate your support!

CALIFORNIA DEPARTMENT OF FISH & WILDLIFE
Regina Vu
P: 916.156.2132
The California Department of Fish and Wildlife has selected the Wild Sheep Foundation (WSF) to auction its Open-zone Desert Bighorn Fund Raising Permit at the Reno, NV convention. This permit represents California's premier desert bighorn hunting opportunity and provides the lucky bidder the ability to hunt zones 501-504, 507-509 during the 2022-2023 season.

The Special Desert Bighorn Sheep Permit offered through WSF will be the only fully open zone tag auctioned in California for the 2022-2023 season. Any other fund-raising desert bighorn sheep permits from California will provide opportunities to 2 or fewer (to be determined) of our high quality hunt zones.

This permit is subject to all existing conditions required for the take of bighorn sheep in California, including the requisite hunter orientation program identified in Section 362, Title 14, and California Code of Regulations. The tag holder will be able to hunt up to one month prior to the opening of the general bighorn season and over a period of up to five and one half months, if desired. The permit is non-transferable and may be used only by the purchaser. Any resident or non-resident is eligible to bid on and receive this Special Permit. Previous purchasers are also eligible to bid on this Special Permit. The strong support for bighorn sheep conservation that has been shown by WSF and those individuals that have supported sheep management in California has contributed to the addition of new hunting opportunities. For additional information, contact Regina Vu at (916) 516-2132. Program Staff may also be present at the annual convention to answer any last minute questions that interested parties may have.

NOTE: Nonprofit organizations auctioning or selling fund-raising license tags shall clearly indicate in all advertisements and to potential tag recipients that such tags are subject to all existing conditions required for the take of the species, including any required hunting license and hunter orientation programs identified in Title 14, California Code of Regulations. Tags shall be nontransferable.

A 5% buyer’s premium will be added to the final bid price of this special permit/tag (unless prohibited by statute.) Proceeds will be dedicated to WSF Conservation Initiatives. If the winner of this item refuses to pay the premiums required, the item shall be offered to the next highest bidder for the price he/she bid.

SPECIAL NOTE: Savage Encounters Inc have trophy moose 40”-55” and have seen larger. This is due to Alberta’s new moose management program and its making moose hunting magic. All moose tags are now on draw for residents and has very limited guaranteed tags for non-residents. We typically hunt the forest and bogs for these majestic swamp monsters. Most moose hunts are conducted from stands, stalking, and calling during rut. Chad “SAVAGE” Lenz – has lived in, and hunted this area for more than 30 years, giving him the advantage of experience when it comes to guiding hunters to the best possible locations. Chad’s personal specialty lies in bow hunts. Having over 20 years bow hunting experience, his instincts and “know how” will be your best asset in assuring a trophy class encounter of the SAVAGE kind.

COLORADO ROCKY MOUNTAIN BIGHORN SHEEP LICENSE

ROCKY MOUNTAIN BIGHORN SOCIETY
Terry Meyers, Executive Director - RMBS
E: meyers.terry@gmail.com
P: 970.640.6892
BOOTH# 1272

The Rocky Mountain Bighorn Society is proud to bring the 2022 Colorado Statewide Rocky Mountain Bighorn Sheep license to the Wild Sheep Foundation Convention. Colorado has 7,000 Rocky Mountain bighorn sheep statewide. There have been numerous rams taken in Colorado that qualify for Boone and Crockett as well as Pope and Young. In fact, since 2005 Colorado is second only to Montana in the U.S. in the number of B&C bighorn sheep entries. Over the past few years, the auction and raffle rams were harvested from seven different game management units, attesting to the excellent quality throughout the state. The winner of this license will have the opportunity to pursue a Rocky Mountain bighorn ram for approximately a five-month time frame. The season start dates are unit and weapon-specific and may open as early as August 1, 2022 with the added benefit of a closing date of December 31, 2022. Most regular seasons close around the first week of October but the winner of this tag will be allowed to hunt during the rut and may be the only sheep hunter in the field. Guiding/outfitting is not included with the purchase of this license. This license is not valid for the harvest of a desert bighorn sheep and is not transferable to another person. If you are interested in this license and would like specific information on season dates, previous hunt photos, or other regulations, please visit us at.

BOOTH# 1553

The Navajo Nation Department of Fish and Wildlife has selected WSF to auction a desert bighorn sheep permit. Proceeds will be used to fund ongoing desert sheep management projects including continued radio telemetry studies on three herds and future transplants and a cull project now to get rid of pneumonia. The Navajo Nation began managing their sheep in 1996 with a single herd of 34 animals. Today there are three herds of desert sheep on the Navajo Nation and the total sheep population is over 500. The Navajo Nation’s goal is to provide long term, limited, sustainable hunting for tribal and non-tribal members. This permit is for any desert bighorn ram, valid from October 15 – December 31, 2022. The Permit is valid for all the Navajo Nation land. A licensed Navajo Nation Guide is required. The successful bidder will have the opportunity to harvest a mature desert bighorn ram. For more information contact Jeff Cole at jcole@nndfw.org or 928-871-6595.

A 5% buyer’s premium will be added to the final bid price of this special permit/tag (unless prohibited by statute.) Proceeds will be dedicated to WSF Conservation Initiatives. If the winner of this item refuses to pay the premiums required, the item shall be offered to the next highest bidder for the price he/she bid.

Wyoming Governor Mark Gordon, through the Wyoming Governor’s Big Game License Coalition, is pleased to provide the Wild Sheep Foundation a 2022 Shiras Moose license for auction. By regulation, a Wyoming Governor’s Moose License is only valid in open hunt areas with more than 10 Type 1 (any or antlered) moose licenses issued. For 2021, this license was valid in 10 hunt areas, specifically: Areas 3, 5, 20, 23, 24, 25, 26, 27, 38 and 41. These hunt areas account for over 70% of annual Shiras moose harvest in Wyoming. The number of licenses issued by hunt areas MAY change from year to year. Season dates and license numbers for 2022 will be finalized by the WGF Commission in April, 2022. For further information, please contact Tim Thomas, Wyoming Game and Fish Department.

The successful purchaser may hunt any open hunt area with more than 10 Type 1 licenses issued. The purchaser does not have to pick a specific hunt area and may hunt different hunt areas subject to season dates. The 5-year waiting period between moose licenses does not affect the ability to purchase a Wyoming Governor’s Moose license. Purchasing this license is independent of applying for a moose license through the regular draw process. The license fee ($117 for Residents; $1,416 for Nonresidents) is waived. Preference points are not affected by purchase of a Wyoming Governor’s Moose license. 90% of the auction proceeds are returned to Wyoming to fund moose projects via the Wyoming Governor’s Big Game License Coalition.

8 - DAY BULL ELK HUNT IN WYOMING FOR 1 HUNTER
FR-27
SELL PRICE

(100% FULLY DONATED)

DONATION: Enjoy an 8-day Wyoming Elk hunt for 1 hunter with Hidden Creek Outfitters, LLC. Preference points will help in the draw. Contact Cayla for application process to be completed January of booked year. Preference point can be purchased for $52 between July and November.

DATES: This hunt can be scheduled for 2023 or 2024 season or until purchaser is drawn.

ADDITIONAL HUNTERS:
Welcome for $8,000.

ADDITIONAL NON-HUNTERS:
Welcome for $400 per day.

AMENITIES INCLUDED: 8-days (1 ride in and 1 ride out day) 6-days of hunting with food, accommodations, equipment, and horses.

AMENITIES NOT INCLUDED: Purchaser is responsible for elk license of $1,283 and Conservation stamp of $12.50. Forest Service Fee (3% of value of hunt), State and County Taxes (approx. $7.80).

SPECIAL NOTE: Hidden Creek Outfitters operates four of the oldest and most remote camps in the famed Thorofare region of Wyoming. These camps are located on the border of Yellowstone National Park and are steeped in history. The Hidden Creek camp was started by Max Wilde and was one of the first in the business. For 45 years, until the mid-sixties, Wilde ran the outfit and hosted many celebrities of the day, including baseball player Ty Cobb. This is a 30-mile wilderness horseback trip into the most remote country in the lower 48 states. You need to be physically prepared. Although we use horses and mules daily, you will be expected to walk up to several miles a day. This is a tough, "grown-up hunt" done in the way it has been for 100 years. If you commit to a hunt like this, then commit to be in the best shape you can. Practice with your rifle and get riding experience. The crew at Hidden Creek Outfitters in second to none. Our guides, wranglers, cooks, camp jacks work around the clock to make sure your hunt is a great one. Remember, most people don’t regret the things they’ve done in life as much as the things they haven’t. Don’t let this happen to you.

E: hunting@taospueblo.com
BOOTH# 1187

Taos Pueblo Division of Natural Resources is pleased to demonstrate its commitment to wild sheep restoration and conservation by partnering with the Wild Sheep Foundation for the auction of a Rocky Mountain bighorn sheep permit. Proceeds from this permit will be used to aid Taos Pueblo in its mission to manage wild sheep populations and to ensure the availability of these resources for future generations. Taos Pueblo is actively involved in the management of two distinct populations of Rocky Mountain Bighorn Sheep in the Wheeler Peak Wilderness and the Rio Grande Gorge. The successful bidder may hunt any bighorn ram on “Tract C” of Taos Pueblo during the 2022 hunting season (excluding October 27th – November 5th). The average score of rams harvested during this hunt is over 184. The official state record was harvested at Taos Pueblo by Neal Ainsworth scoring 198 4/8. Taos Pueblo will provide airport pickup (Taos, Albuquerque, or Santa Fe), scouting, room and board, cook, horse and tack, and a generous hunting season. Taos Pueblo has also specified Frontier Outfitting as the licensed outfitter for this hunt. Frontier Outfitting will provide scouting, guide service, and game care. All negotiations for guide service shall be made with Frontier Outfitting. Contact GT Nunn at (505) 350-9775, (505) 864-9392. This permit is valid during the 2022 season. All hunters must comply with the rules and regulations in the Taos Pueblo Game & Fish Code.

SPECIAL NOTE: This hunt has been donated multiple years. Our WSF auction hunters have experienced 100% success on Dall sheep and have also collected other species. The 2019 auction hunter took a World Class 43 1/4” Dall’s sheep, a great caribou, an 8’ (extremely large) arctic grizzly, and a nice caribou! The 2020 hunter took a 42” 12-year-old Dall’s Sheep, and a great Arctic Grizzly! Alaska Outfitters Unlimited Arctic Dall’s sheep operation is located within America’s largest Wildlife Refuge Wilderness area in the Arctic National Wildlife Refuge (ANWR). AOU's ANWR Wilderness “Exclusive Concession” is two million acres located right in the heart of the best Brooks Range Dall's sheep habitat. These areas are dominated by tall mountains cut deeply by rivers and streams flowing to the Arctic Ocean.
This is truly a last of the frontier Alaskan adventure! AOU’s Wrangell Mountains operation is one of only two outfits operating in the South Wrangell’s, home to the largest Dall’s sheep in the world. The exclusive concession is located within Wrangell-St. Elias National Park and Preserve. This concession also provides what may be the best opportunity for a mixed bag hunt anywhere in Alaska. Sheep, moose, goats, brown bears, and black bears all live in healthy densities within this concession. Donated on behalf of the Alaska Wild Sheep Foundation and Alaska Professional Hunters Association. The Alaska Outfitters Unlimited Family is committed to leaving a legacy of conservation through sustainable hunting, responsible use of our lands and water, and dedicated service to our guests, hunting traditions, and conservation-based organizations. We value all wildlife and admire the hunter, who is the world’s primary contributor to conservation. AOU's Founders, staff, and affiliated outfitters have contributed hundreds of thousands of dollars and thousands of volunteer days to conservation organizations, habitat enhancement projects, education programs, and outdoor advocacy.

New Mexico Department of Game and Fish (NMDGF) will auction just one desert bighorn sheep permit. As authorized by state law, the Bighorn Sheep Enhancement Program will receive 90% of the proceeds for projects to benefit bighorn sheep with 10% of the proceeds retained by the Wild Sheep Foundation (WSF). Anyone, including previous special permit holders, may submit a bid to obtain the 2022 desert bighorn sheep hunts open for the 2022 season.

New Mexico is THE state to hunt for desert bighorn. Since 2013 a New Mexico desert ram won the WSF Gold Medal 3 times and the WSF Silver Medal twice. Nine of New Mexico’s top-10 scoring desert bighorn have been harvested since 2012. This includes three of the largest rams to be harvested in North America in the last 27 years: the No. 5 Boone and Crockett ram scoring 195 3/8, No. 11 Boone and Crockett ram scoring 191 0/8, and the No. 15 Boone and Crockett ram scoring 188 2/8. Since 2012, more than 20 rams scoring greater than 180 Boone and Crockett have been harvested.

The rule in New Mexico pertaining to this permit was changed to increase hunter opportunity. The auction winner will have the first choice of any open unit (Auction Hunter exclusive unit). The raffle hunter will then declare to hunt in a second open unit (Raffle Hunter exclusive unit). The remaining open units may also be hunted by EITHER the Auction Hunter or the Raffle Hunter. Currently there are 6 desert bighorn sheep hunt units open for the 2022 season.

The successful bidder must select by June 30, 2022, one of the following as their exclusive hunt unit: Peloncillo Mountains (Unit 27), the Hatchet Mountains (Unit 26), the Fra Cristobal Mountains (Unit 20--north), the Caballo Mountains (Unit 20--south), the Ladron Mountains (Unit 13/17), the San Andres Mountains (Unit 19). Hunt dates run from August 1 through December 31, 2021. Some restrictions apply on the private land hunt in the Fra Cristobal Mountains and the San Andres Mountains which is primarily on the restricted White Sands Missile Range. The raffle hunter must choose their exclusive unit by July 20, 2022. For specifics on these hunts contact NMDGF bighorn sheep biologists Eric Rominger (505) 690-3207 or Caitlin Ruhl (505) 414-5029.

DONATION: Hunters will go through the 5-night, 4-day SAAM™ Precision & Safari/Hunt Combo Course where instructors help you improve your shooting and hunting skills with your own equipment being better prepared for that hunt of a lifetime. Most importantly, you will fully understand your shooting limitations and that “Makes You a Great Hunter!” There are 4 Days of SAAM™ Training. The first 2 days are all SAAM™ Training and then hunt AM/PM of day three and four for top quality FTW Species. There will be training during the middle of the day. You will be shooting 160-180 rounds during SAAM™ training in the mid-day break. Trophy fees and hunting seasons apply. You will learn the effects of the environment on your ballistics and how to compensate on our “real world” ranges throughout the rugged FTW Ranch. You will spend a great deal of time in many challenging shooting scenarios and positions and learn how to use your own gear and surroundings to make great longer-range shots and learn how to be ready for Dangerous Game!

DATES: Must be taken in 2022 during SAAM™ Hunt Combo Courses.

ADDITIONAL HUNTERS: Welcome for a 10% Discount when booked with your course, they also receive the $3,000 trophy fee credit.

AMENITIES INCLUDED: $3,000 credit toward trophy fees for each of the two hunters (cannot be combined into one trophy), five nights and four days of first-class meals and lodging, SAAM™ instruction, guiding, and beverages and refreshments. Custom built range cards for your rifle and bullet combination. Rifle cleaning supplies, hearing protection, shoulder pads and other nice gear are yours to keep; please bring your favorite hunting backpack! Arrive Friday at night, depart Wednesday morning. Must be scheduled within 60 days from date of purchase. Scheduled on first come/first served basis during our 2021 regularly scheduled SAAM™ Hunt Combo courses throughout the year. Both students must attend at the same time. Purchaser must be one of the attendees, may not be transferred or resold.

AMENITIES NOT INCLUDED: Trophy fees (below) above the $3,000 credit and other purchases are payable at the FTW at checkout, gratuities, weapons and ammunition; bring your own weapons and ammo, rental weapons available, transportation to and from the FTW Ranch (3 hours west of San Antonio) and hunting license. Please bring the ammo that you plan to hunt with. Ammo can be UPS/Fed Ex to the FTW Ranch. Extra spots $4,450, youth $2,225, observers $1,000. Trophy fee credit is not transferrable to another time or expenses, unless you would like to attend a regular SAAM™ Precision or Safari Course without hunting, this can be done by forfeiting the Trophy Fee Allowance.

Hunts are expensive!! Know your weapons and your own capabilities before you go!

POCAPALIA TRUST FUND BRONZE

This sculptural representation of the Nevada State record desert bighorn sheep was created by world renowned taxidermist and artist, Mike Boyce, and fully donated to FNAWS in February of 1999. The proceeds are to be a part of the Foundations' “New Beginnings Capital Campaign” to establish a trust fund that will guarantee the Foundation’s mission on behalf of the wild sheep of North America in perpetuity. An outstanding contributor, the late Dan Pocapalia originally purchased this work of art for $25,000 and then donated it back to the WSF to be used as a continual fundraising tool. Each year it is re-auctioned with the successful bidder’s receiving a 1/4 size replica of the bronze. The generous bidders name is placed on the original bronze. We honor Dan Pocapalia for his many years of support and dedication to the Foundation. He will truly be missed by us all.

DONATION: This is a life-size wild sheep mount, custom design to purchasers’ desired pose, complete with a standard 10” hardwood base with appropriate habitat.

ABOUT THE COMPANY: At Zimmerman Wildlife, they are not a production line facility…they don’t mass-produce taxidermy mounts. We do not purchase generic, low-quality or inexpensive products and apply the skins to them as quickly as possible. The Zimmerman brothers work closely together in providing a custom one-of-a-kind original piece of wildlife art. With many years of experience in the taxidermy world between the three brothers…we know and understand big game animals from all over the world. We understand your passion as we are avid adventurous outdoor people ourselves. We admire and respect the great outdoors and the magnificent animals that God gave us…just like you do. We work closely with our avid outdoorsman clientele and have many ideas and options that we can share with you to display your trophy. We know how to enhance the animal’s best features and to display in the most artistic way. From the highest quality materials, available on the market today we custom design an original piece of art for you and your friends to enjoy. Each time you view your magnificent animal…you relive your outdoor experience again and again.

6th ANNUAL WILD SHEEP JURASSIC CLASSIC STURGEON FISHING TOURNAMENT • 2 - DAY TRIP FOR 2 ANGLERS

All participants will be treated to a Wild Game BBQ on the shores of the mighty Fraser River on the Saturday evening. This two-day fishing trip is provided by Great Rivers Fishing Adventures who offer fully guided world-class white sturgeon charters with fish that can exceed 1500 pounds and 13 feet in length. Come out and support BC wild sheep projects and enjoy a great weekend on the river.

In 2021 this event was a great success and raised well over $50,000 for wild sheep projects across British Columbia. Demand is extremely high for 2022 with most teams returning year after year and a limited number of spots due to Covid-19 deferrals in 2020. This is one of your only chances to be a part of this event and support the Wild Sheep Foundation!!

DONATION: Working with the support of the Wild Sheep Foundation, the WSSBC (Wild Sheep Society of BC) and the GOABC (Guide Outfitter Association of BC) have come together to bring you the 6th Annual Jurassic Classic Sturgeon Fishing Tournament, which will take place on the majestic Fraser River in British Columbia, Canada. This collaborative event brings conservationists together from across North America to raise funds for wild sheep conservation projects in British Columbia. This event is being offered Aug 12-15th, 2022 and will include 28 professionally guided teams, each consisting of two anglers, from across North America. Join us in Chilliwack BC for two all-inclusive days of world-class sturgeon fishing, meals, three nights hotel accommodations, topped with an awards banquet on the final evening of the weekend. In 2021 the prize package was valued at nearly $15,000. This is not your standard 'fishing trip' and is exclusive to only those who purchase teams through conservation chapters and affiliates. The Jurassic Classic was awarded the WSF Presidents Award in 2019. The focus on this trip is to promote and support wild sheep projects in British Columbia and provide the 56 anglers with some great camaraderie and friendly competition. The overlying theme of this event is to show up and enjoy a weekend where we take care of all the details.

The Navajo Nation Department of Fish and Wildlife has selected WSF to auction a desert bighorn sheep permit. Proceeds will be used to fund ongoing desert sheep management projects including continued radio telemetry studies on three herds and future transplants and a cull project now to get rid of pneumonia. The Navajo Nation began managing their sheep in 1996 with a single herd of 34 animals. Today there are three herds of desert sheep on the Navajo Nation and the total sheep population is over 500. The Navajo Nation’s goal is to provide long term, limited, sustainable hunting for tribal and non-tribal members. This permit is for any desert bighorn ram, valid from October 15 – December 31, 2022. The Permit is valid for all of the Navajo Nation land. A licensed Navajo Nation Guide is required. The successful bidder will have the opportunity to harvest a mature desert bighorn ram. For more information contact Jeff Cole at jcole@nndfw.org or 928-871-6595.

A 5% buyer’s premium will be added to the final bid price of this special permit/tag (unless prohibited by statute.) Proceeds will be dedicated to WSF Conservation Initiatives. If the winner of this item refuses to pay the premiums required, the item shall be offered to the next highest bidder for the price he/she bid.

With three Rocky Mountain bighorn hunt areas and 14 California bighorn hunt areas, the choices facing Oregon bighorn sheep hunters are tough: uplifted rock faces or deep river canyons; high alpine wilderness or high desert mountain ranges; jet boating America’s deepest river gorge, wrangling horses, or backpacking. However, with the perseverance sheep hunters are known for, the benefits can be spectacular. Oregon bighorn sheep hunters consistently take Rocky Mountain bighorn rams over 180 inches, have booked over 20 rams greater than 190 inches, and a state record Rocky Mountain bighorn of 203 5/8 Boone & Crocket score. California Bighorn Hunters in Oregon consistently see rams in the 170s and have taken over 50 rams scoring more than over 175 with 6 of these scoring over 180. In 2018, one incredible California bighorn scored at 185 1/8 Boone & Crocket.

Any individual interested in hunting bighorn sheep in Oregon can bid on the 2022 Oregon Special Bighorn Auction Tag, even those who have previously held an Oregon bighorn sheep tag. For a minimum bid price of $25,000.00, the successful bidder will have a 4 month season running from August – November. The season for this special auction tag opens prior to all other controlled bighorn hunts in Oregon, giving exclusive early access to the herds. This includes all controlled Rocky Mountain and California bighorn hunt areas where controlled tags are authorized in 2022. An Oregon Hunting License (resident or nonresident) is included if the successful bidder does not already have a license.

All funds generated from the special bighorn auction tag are statutorily dedicated specifically for bighorn sheep management and research in Oregon. Ten percent of the purchase price is donated to WSF. The continued leveraging strength provided by this program has allowed the Oregon Department of Fish & Wildlife to develop one of the most successful bighorn restoration programs in the country and participate as a leader in research and management programs that ensure wild bighorn sheep will continue to be an integral part of our heritage.

The New Mexico Department of Game and Fish (NMDGF) will auction a 5 species New Mexico Big Game Enhancement Package. This unique auction item includes state-wide licenses for Elk, Deer (Mule deer or Whitetail), Pronghorn, Persian (Bezoar) Ibex, and Gemsbok (Oryx). All have extended seasons and any weapon may be used. The current World Record Pronghorn (B&C 96 4/8) was taken on this package in 2013. The SCI World Record Persian ibex (non-native range) is from New Mexico and the Florida Mountains consistently produce world class billies. New Mexico’s Rio Arriba County has placed more mule deer in the Boone and Crockett record book than any county in the United States. New Mexico elk hunting is world-renowned and produces 400-class bulls annually.

As authorized by state law, the New Mexico Big Game Enhancement Program will receive 90% of the proceeds for projects to benefit big game habitat enhancement, conservation, and protection with 10% of the proceeds retained by the Wild Sheep Foundation (WSF). Anyone, including previous special permit holders, may submit a bid to obtain the 2022 New Mexico Big Game Enhancement Package unless their hunting privileges have been revoked. The permits may be transferred by the successful bidder to any individual qualified to hunt. The successful bidder on this package may hunt all 5 species or barter/trade/sell any license authorization he or she does not intend to hunt. Please contact any of the New Mexico Department of Game and Fish biologists for more information on this hunt.

The New Mexico Department of Game and Fish (NMDGF) will auction just one Rocky Mountain bighorn sheep permit. As authorized by state law, the Bighorn Sheep Enhancement Program will receive 90% of the proceeds for projects to benefit bighorn sheep with 10% of the proceeds retained by the Wild Sheep Foundation (WSF). Anyone, including previous special permit holders, may submit a bid to obtain the 2022 Rocky Mountain bighorn permit unless their hunting privileges have been revoked.

The permit may be transferred by the successful bidder to an individual qualified to hunt.

The rule in New Mexico pertaining to this permit was changed to increase hunter opportunity. The auction winner will have the first choice of any open unit (Auction Hunter exclusive unit). The raffle hunter will then declare to hunt in a second open unit (Raffle Hunter exclusive unit). The remaining open units may be hunted by EITHER the Auction Hunter or the Raffle Hunter.

Currently there are 6 Rocky Mountain bighorn sheep hunt units open for the 2021 season. The New Mexico Rocky Mountain bighorn sheep herds are in both high and low-elevation habitats.

The successful auction bidder must select by June 30, 2022 one hunt from any unit open for Rocky Mountain bighorn sheep hunting in New Mexico, including: Pecos Wilderness (Unit 45), Latir Wilderness (Unit 53 north of NM 38), Wheeler Peak Wilderness (Unit 53 south of NM 38), Rio Grande Gorge (Units 49, 50, 53), San Francisco River/Turkey Creek (Units 16B, 22, 23, 24), or the Culebres Mountains (100% private in Unit 55). Some restrictions apply on the private land hunt in the Culebres Mountains. Hunt dates run from August 1 through December 31, 2022 except in Wheeler Peak where the hunt dates are August 1-15 and September 1 through December 31, 2022. The raffle hunter must choose their exclusive unit by July 20, 2022. For specifics on these hunts contact NMDGF bighorn sheep biologists Eric Rominger (505) 690.3207 or Caitlin Ruhl (505) 414.5029.

A 5% buyer’s premium will be added to the final bid price of this special permit/tag (unless prohibited by statute.) Proceeds will be dedicated to WSF Conservation Initiatives. If the winner of this item refuses to pay the premiums required, the item shall be offered to the next highest bidder for the price he/she bid.

STATE OF NEVADA
NELSON DESERT
BIGHORN SHEEP TAG
STATE OF NEVADA
DEPARTMENT OF WILDLIFE
Julie Meadows
P: 775.688.1512
BOOTH# 1420

The Fraternity of the Desert Bighorn and WSF continue our cooperative efforts to offer the Nevada Nelson Bighorn Sheep Tag for the 2022 “Sheep Week”. Nevada has 314 mountain ranges, more than any other lower 48 state, and more bighorn sheep that occupy them! This vast and rugged canvas known as the Great Basin is naturally suited to harbor wild sheep. Through the vision of wildlife biologists and passionate support from sportsmen, bighorn sheep restoration efforts have resulted in the 2022 statewide estimate of over 10,000 desert bighorn sheep! The 2022 Nelson Desert Bighorn Heritage Tag is open to all desert bighorn sheep hunt units (about 50 units) except for unit(s) where the 2021 Heritage Tag harvest occurred. The season dates for most units are Date of Purchase – December 31, 2022 (4 units have restricted access to DOD lands, season date restrictions, and special requirements). The 2017 desert bighorn hunt season was another record setting year with 300 rams harvested and 21 rams 170+ B&C from 12 different hunt areas. Standard tag eligibility provisions do not apply to this tag. Nevada’s bighorn sheep restoration program is supported in large part by the auction of this Heritage desert bighorn sheep tag. Stop by the Nevada Department of Wildlife’s booth to learn more.

DONATION: Alberta bighorn hunting is ultimate North American wild sheep hunting experience. Alberta bighorn sheep are the biggest of all the wild sheep, the king of rams. This is a 10-day horseback bighorn hunt for 1 hunter with Savage Bighorns Ltd. Trophy fee is included.

DATE:
September 1 - October 15, 2023, or 2024.

ADDITIONAL HUNTERS:
Welcome for $50,000

ADDITIONAL NON-HUNTERS:
Welcome for $5,000

AMENITIES INCLUDED:
Trophy fee for 1 bighorn sheep, food, and guide.

AMENITIES NOT INCLUDED:
Car rental to lodge or pick up for $400. License fee of $200, Tag fee of $1,000 and tax of 5%, and gratuity.

ACCOMMODATIONS:
Horseback into a very comfortable tent camp

LOCATION: Alberta, Canada

SPECIAL NOTES: We will be hunting west of the Caroline Lodge about 2-hour drive. Our areas are primarily wilderness, a bighorn mecca as it is one of the hardest areas to access in the Southern Alberta bighorn range, thus producing big mature rams. As well the famous Banff / Jasper National Park always harbors large mature rams that frequent these areas making it in my mind Alberta’s top pick for harvesting a large Alberta ram with gun or bow. The area speaks for itself! But it is now owned and managed by Chad SAVAGE Lenz and his guides in of Savage Bighorns, world famous in the sheep world for putting bow hunters and rifle hunters on sheep!! This area is in Savage’s own back yard, and he first hunted the area at the age of 18! That’s 27 years of sheep experience in and out of this new endeavor. Chad “SAVAGE” Lenz – has lived in, and hunted this area for more than 30 years, giving him the advantage of experience when it comes to guiding hunters to the best possible locations. Chad’s personal specialty lies in bow hunts. Having over 20 years bow hunting experience, his instincts and “know how” will be your best asset in assuring a trophy class encounter of the SAVAGE kind.

**3 - DAY FREE RANGE BALKAN CHAMOIS OR EUROPEAN GRAY WOLF HUNT IN MACEDONIA FOR 1 HUNTER**  
(Trophy fee for Balkan chamois or European gray wolf included, hunters choice)
Experience a once in a lifetime hunting adventure in the rugged wilderness of Alberta’s Rocky Mountains in pursuit of the world-renowned Rocky Mountain bighorn sheep. This hunt is not for the faint of heart, as you explore the breathtaking surroundings these majestic horned beasts call home. The successful bidder of this auction will win the opportunity to hunt one minimum 4/5 curl trophy sheep, in accordance with all provisions of the Wildlife Act and Wildlife Regulations. This special license is valid during open hunting seasons in all locations having an open season to hunt sheep, including a special license trophy sheep draw season as identified in the 2022 Alberta Guide to Hunting Regulations. A minimum of 60% of the funds generated by the Minister’s Special License program are automatically re-invested into projects benefiting Rocky Mountain bighorn sheep, with the remainder being allocated to other worthy conservation projects throughout the province.

Proudly managed by the Alberta Fish and Game Association, conserving Alberta’s wildlife since 1908.

LICENSE CONDITIONS
The license holder is required to hire a licensed outfitter-guide and be accompanied by a designated guide or by a hunter host as per regulations.

Before hunting, the license holder must notify the local Fish and Wildlife Division office of the license and tag number, intended hunting area within the Wildlife Management Units (WMU), and the dates when hunting will occur. This license does not authorize hunting in any location where hunting is prohibited such as in a wildlife sanctuary, park, ecological reserve, or restricted area. If a season is archery only, then only archery equipment must be used. In addition to the trophy sheep seasons listed in the 2022 Alberta Guide to Hunting Regulations, this license is also valid:

2. From December 1 to December 15, 2022 in WMUs 408 and 438
3. From November 1 – December 15, 2022 in that portion WMU 408 that is east of Highway 40

A 5% buyer’s premium will be added to the final bid price of this special permit/tag (unless prohibited by statute.) Proceeds will be dedicated to WSF Conservation Initiatives. If the winner of this item refuses to pay the premiums required, the item shall be offered to the next highest bidder for the price he/she bid.

VALUE: $14,300
The Javier Artee family is proud to continue our strong partnership with the Wild Sheep Foundation in restoring free-ranging desert bighorn sheep to historic habitat within Sonora, Mexico. Established in 2017, Sierra El Alamo spans over 80,000 acres, and is located approximately 160 miles south of Tucson, AZ, 180 miles north of Hermosillo, and 30 miles east of the Sea of Cortez. The bighorn population is strong and growing. Desert bighorn sheep hunting was reinstated within the area in 2017 following 12-year prohibition; now, after 4 years of hard work, 18 desert sheep have been harvested, 6 of them exceeding 180+ and the rest in the 170 class. Only 1 tag will be offered for the 2023-2024 season. Proceeds from the sale of this tag will be dedicated to the Sierra El Alamo Bighorn Sheep Program for on-the-ground projects including translocations, baseline health assessments, water developments and other habitat improvements within and adjacent to the newly established area, and other WSF conservation projects. This tag provides the opportunity at current rates ($65,000 USD). Over the last 4 years, 175 desert bighorns have been successfully translocated to Sierra El Alamo, and in 2022 will release between 30 and 50 more, which will put above the goal of 200 animals in 5 years, the total will be 205 to 225 released. Thank you for your continued support in putting and keeping free-ranging desert bighorn sheep in the mountains of Sonora, Mexico!
The 2022 Wyoming Governor’s Bighorn Sheep License is valid in any open hunt area having more than 8 Type I ram licenses issued. The number of licenses issued per hunt area may change from year to year. Seasons and license numbers for fall 2022 will be finalized in April 2022. In 2021, this license was valid in six hunt areas: #1, 2, 3, 4, 5, and 7. These hunt areas account for approximately 75% of Wyoming’s annual Rocky Mountain bighorn sheep harvest. For further information, please contact Doug McWhirter, Wyoming Game and Fish Department, 307.733.2321, or Daryl Lutz, Wyoming Game and Fish Department, 307.751.6251, or Zach McDermott, WY Wild Sheep Foundation 307.752.1212.

Successful purchaser may hunt any open hunt area that qualifies in accordance with the above. The purchaser does not have to pick a specific hunt area and may hunt different hunt areas. The five-year waiting period between bighorn sheep licenses does not affect the ability to purchase a Governor’s bighorn sheep license, and purchasing this license is independent of applying for a bighorn sheep license through the draw system. The license fee ($152 for resident, $2,320 for non-resident) is waived. Preference points are not affected by purchase of a WY Governor’s Bighorn Sheep License. 90% of the auction proceeds provide funding for Wyoming bighorn sheep projects via the Wyoming Governor’s Big Game License Coalition.

At the 2022 Wild Sheep Show, Taos Pueblo will be auctioning ONE Rocky Mountain Bighorn Sheep Tag for the Taos Pueblo Gorge Herd. This population of bighorn was reintroduced to their historic range by Taos Pueblo in 2006. The 2018 Wild Sheep Show was the first year this tag was auctioned. The successful bidder from the 2020 Wild Sheep Show harvested a ram with an official score of 194 5/8. Taos Pueblo will provide: airport pickup (Taos, Albuquerque, or Santa Fe), scouting, room and board, and a generous hunting season. Taos Pueblo has also specified Frontier Outfitting as the licensed outfitter for this hunt. Frontier Outfitting will provide scouting, guide service, and game care. All negotiations for guide service shall be made with Frontier Outfitting. Contact GT Nunn at (505) 350-9775, (505) 864-9392. This permit is valid during the 2022 season (excluding October 27th – November 5th). All hunters must comply with the rules and regulations in the Taos Pueblo Game & Fish Code.

ONLY ONE GORGE HUNT WILL BE AUCTIONED AT THE 2022 WILD SHEEP SHOW.

A 5% buyer’s premium will be added to the final bid price of this special permit/tag (unless prohibited by statute.) Proceeds will be dedicated to WSF Conservation Initiatives. If the winner of this item refuses to pay the premiums required, the item shall be offered to the next highest bidder for the price he/she bid.

BRITISH COLUMBIA MOUNTAIN SHEEP SPECIAL HUNTING PERMIT

MINISTRY OF FORESTS, LANDS, NATURAL RESOURCE OPERATIONS AND RURAL DEVELOPMENT

WILDLIFE & HABITAT BRANCH AND THE HABITAT CONSERVATION TRUST FOUNDATION

Michael Burwash
P: 250.371.6269
Kelly Smith
P: 778.698.9227

This permit is a premier, unique opportunity to hunt your choice of one of four subspecies of wild sheep in British Columbia: Dall's, Stone's, California, or Rocky Mountain. Within the past decade Dall's sheep scoring in the 170's; Stone's in the 180's; California Bighorns in the 190's; and Rocky Mountain Bighorns to almost 200 Boone & Crockett points, have been harvested.

The permit will be valid on any Crown land or private land (with owner’s permission) that has a legal sheep hunting season for 2022-23. The permit will be valid during the regular hunting season and include an extended opportunity to hunt for California or Rocky Mountain bighorn sheep until December 20, 2022, approximately 1 month past the end of the latest hunting season for bighorns. If the species of choice is a Dall's or Stone’s thinhorn sheep, the permit will be valid from July 11, 2022 (an additional period of 21 days prior to the opening of the regular hunting season for thinhorns), through to March 31, 2023.

The permit holder is required to purchase both a hunting license and a sheep species license in order to hunt under the Mountain Sheep Special Hunting Permit. The permit is valid for any male sheep. A sheep harvested under this permit is in addition to any applicable provincial bag limit for sheep, however, the permit holder may only hold one uncancelled sheep species license at one time. Please note that by regulation, species licenses do not become valid until 2 days after the day on which they were purchased and will not be mailed outside of Canada; species licenses are typically acquired with the assistance of the guide outfitter hosting the hunt. If the permit holder wants to hunt under the normal provincial hunting regulations, they may do so in the same region or a different region as the Mountain Sheep Special Hunting Permit hunt.

If the permit holder is a non-resident of BC, or non-resident alien, they are required to use the services of a licensed guide-outfitter in the area in which they choose to hunt. Representatives of the Ministry of Forests, Lands, Natural Resource Operations and Rural Development and the Guide Outfitters Association of British Columbia will be available to assist and answer questions regarding this permit. Guiding fees are negotiated between the permit holder and the guide outfitter and are in addition to the bid price for the Mountain Sheep Special Hunting Permit.

Please note that the completed Mountain Sheep Special Hunting Permit application form MUST be received by the Director of Wildlife & Habitat Branch, Victoria, BC, no later than 30 calendar days following the purchase date. The permit application may not be resold, and the permit is non-transferable once issued. In the event the permit holder does not or cannot hunt in 2022-23, there will be no special concessions made and no refund of the bid price. Hunters must be able to comply with interprovincial and international travel and/or quarantine laws, should they be in place at that time.

Proceeds raised through the sale of this permit to date have enabled the Province of BC and the Habitat Conservation Trust Foundation to approve funding in excess of $3.2 million dollars in support of projects benefitting BC’s wild sheep and other wildlife conservation efforts.

For further information about this permit, please call either: Michael Burwash (250) 312-7305, or Kelly Smith (778) 698-9227.

BOOTH# 555

There is something exciting happening in the world of desert bighorn sheep. Long known for its precious few numbers and for its equally precious hunting permits; desert bighorn sheep numbers have been slowly increasing and nowhere is this more true than in Chihuahua, Mexico. This year WSF will offer one tag for this population that was started with the genetics from Tiburon Island. Jose Antonio Vallina a businessman, conservationist, and hunter, started Rancho La Guarida in 1982 where he built a beautiful lodge and started developing water sources for the native wildlife. In 2000, he was able to bring in the first desert bighorn sheep and additional sheep were transplanted in 2002 and 2003. Some from Tiburon Island and some from other sources to increase generic diversity. Originally the sheep were placed in a 10,000-acre ranch that was partially high fenced. Rancho La Guarida has since added another 10,000 acres that are completely open creating a 20,000+ acre eco system for desert bighorn sheep. The lambing success has been exceptional due to the excellent habitat and genetics there is a herd of +450 sheep, with about half of them being rams so hunters can expect to harvest rams in the 175 - 190 category. Desert bighorn sheep taken on Rancho La Guarida qualify for the Boone and Crockett Club Record Book as well as the B&C and WSF Awards Programs as free range, Fair Chase wild sheep. The hunt is for November 2022 to March 2023 hunting season. After the hunter arrives in Chihuahua City, everything will be arranged for them in the very finest tradition of Mexican hospitality. The hunt is for 10 days and one companion can join the hunter at the bid price. Additional companions can be included at an additional charge. There are daily nonstop flights from Dallas, Houston and Phoenix into Chihuahua City or there is a landing strip on the property for direct flights into Rancho La Guarida. Experience the finest desert sheep hunt by purchasing this desert sheep hunt!
Imagine hunting in Yukon’s iconic natural treasure surrounded by an immense landscape of premier sheep mountains engraved by historic glaciers and dusted with northern beauty. You will get to live your dream with an exclusive opportunity for a magnificent Dall sheep in the northwest corner of the spectacular Kluane Game Sanctuary which borders Kluane National Park. The Kluane First Nation (KFN) is proud to bring back the 2022 Kluane Permit to the Wild Sheep Foundation (WSF).

We are excited to continue to have respected outfitter David Dickson of Dickson Outfitters Ltd. and crew as the contracted qualified outfitter and guide services to deliver this spectacular sheep hunt in the Kluane Special Sheep Guiding Opportunity area. The Dickson crew has many combined years of sheep hunting experience and are dedicated and committed to the success of this hunt. In addition to having their own supplies, horses and equipment, by the time you arrive the Dickson crew will have already scouted these mountain ranges throughout this permit area and will know where you will be hunting.

In past years outstanding Rams have been harvested with scores as high as 180-6/8 B&C. The genetics are there to continue to produce these outstanding high scoring Dall rams. With our milder winters and early springs, we are seeing exceptional horn growth in the rams seen and harvested.

The successful bidder will be awarded one non-resident Dall Sheep Permit to hunt in the specified area of 990 sq. km of premier sheep country. This exclusive sheep permit is a benefit of the KFN Land Claims Agreement; there are only thirty (30) permits within forty-two (42) years (2004-2046) available in this special permit area. There will be only one (1) permit available in 2022 and you can bid for this tag online, by phone or in person at the WSF Convention.

All necessary forms and logistic arrangements will be completed in advance of the hunt. Permit rules and regulations are set by the Yukon Government’s Department of Environment and Kluane First Nation and will be adhered to by Dickson Outfitters and the successful bidder. The permit is not transferable to any other person or entity and is non-refundable. July 19-20, 2022 is arrival date to Whitehorse and base camp. Hunt start date is July 21, 2022. Non-hunter/observer fee(s) will be an additional cost and are not included in permit price. The purchaser is responsible for airfare to and from Whitehorse, Yukon, hotels, meals, and incidentals prior to and after hunt in Whitehorse, gratuity, and all taxidermy costs including shipping from Yukon.

A percentage of the overall sale price of the permit will go back to KFN for the purpose(s) of conservation to support projects and activities for wildlife enhancement projects in the KFN’s Traditional Territory and 10% of the purchase price will go to WSF.

Come experience the richness the Kluane region has to offer. David and Teena will be available leading up to and during the convention to provide more details and information regarding this permit hunt. Interested parties are encouraged to call or you can stop by our booth to introduce yourself, ask questions, and hear about the incredible sheep hunting this area has to offer.

David and crew will see you on the mountain in July 2022.

DONATION: Nevada Grassie is a carver, and he likes to carve intricate details into the skulls of animals, and he is exceptional at it. This year Nevada produced another spectacular piece. Through the generous support of Thomas Dickson of Dickson Outfitters who donated this pick-up skull to Nevada and in partnership with Kluane First Nation (KFN), Nevada created a one-of-a-kind engraved piece of art with the KFN logo along with WWO and WSF showing the continued support and partnership in conservation. “Respect the outdoors and cherish every part of the hunt. Not always is it about killing something it’s about putting in the time. The Trophies no matter the size will come.” Nevada Grassie

Proceeds from this donation from Nevada will support the WWO (Wounded Warrior Outdoors). Wounded Warrior Outdoors, Inc. is a non-profit organization exclusively founded to provide wounded servicemen and women with therapeutic outdoor adventures across North America. WWO gives deserving Combat Wounded Warriors in transition the opportunity of a lifetime in the wilderness location of their choice. We call them “Adventures Enabled.” Their adventure could take them bear hunting in the mountains of British Columbia, Canada, on alligator hunts or fishing excursions in Florida, turkey hunting in Kentucky, fly-fishing in remote Alaska or deer hunting in Texas, just to name a few. During their experience, they will participate in therapeutic activities such as backpacking, trail expeditions and numerous social interactions.

BOOTH# 610

WSF REFERENCES: Gray Thornton, Jason Hairston, Jack Atcheson, Jr., Adam Casagrande and Jim Wilson

DONATION: Enjoy a 12-day hunt for mountain goat or caribou with Golden Bear Outfitting. Trophy fee for one mountain goat or caribou is included. License and government fees are the responsibility of the purchaser.

DATES: This hunt will be scheduled for 2023. It will be possible to upgrade this hunt to a 12-day combination to include moose, and black bear on a trophy fee basis. Please keep in mind on a later hunt if goat is your primary goal, the weather can certainly be a factor and have an effect on the outcome of a hunt.

ADDITIONAL HUNTERS: Contact the outfitter for availability.

ADDITIONAL NON-HUNTERS: Daily Rate $300.

LOCATION: Telegraph Creek, British Columbia via Juneau, AK or Whitehorse, Yukon.

AMENITIES INCLUDED: Guide, food, tents, basically everything except personal hunting gear.

AMENITIES NOT INCLUDED: Hunting License & Tags/$600, Gov’t Royalties/$150, TGOA Stewardship/$250.

ACCOMMODATIONS: Cabins and showers at base camp. Tents while hunting on the mountain.

SPECIAL NOTES: If you are a serious trophy hunter seeking better than average trophies, or a hunter wanting a good mixed bag hunt, you must give this area serious consideration. Golden Bear produces trophy class animals. Record Book class billy’s are taken every year. The Telegraph Creek area is world famous for being “BIG GOAT” country. Goat hunting is strenuous and requires good physical conditioning. If you want a big goat, be prepared to turn down smaller billy’s and lay some foot prints on the mountain. Most of our goat hunts are backpack type hunts. If you have 1-2 good climbs in you, you should succeed in your quest. We have had numerous clients in their 70’s who were successful. In 2018 we took a monster caribou that nets 434 7/8” B&C. After 40+ years in the outfitting business we have learned that no matter how many years you are at it every year dishes up its own brew of excitement and hunting adventure. Proceeds from the sale of this hunt will be 100% directed to the WSF Thinhorn Initiative and thinhorn programs in northern BC.

ADDITIONAL HUNTERS:
Welcome for $770 per day.

ADDITIONAL NON-HUNTERS:
Welcome $350 per day.

WEAPON: Rifle (.270, .300 Mag., 7mm Rem. Mag., or similar)

AMENITIES INCLUDED: Pick-up at Barcelona airport and transportation, round trip from Barcelona to the hunting area. Trophy fee included (1 Iberian mouflon sheep). During the hunt you will be accommodated at a traditional Pyrenean “chalet” with exceptional Spanish cuisine & wines.

AMENITIES NOT INCLUDED: Trophy preparation and exportation, VAT Taxes 21% of the total value of the donation ($9,080 US) is not included. License and insurance: US $300/area. Hotel in Barcelona before and after the hunt is not included.

ACCOMMODATIONS: You will be accommodated at a traditional Pyrenean “chalet” with exceptional Spanish cuisine & wines.

SPECIAL NOTES: Bruno Rosich & Oscar Colomina, Trophy Hunting Spain won the 2017 Houston Safari Club Professional Hunter of the Year Awards, as well as run 9 times for the Outstanding International Professional Hunter of the Year. Trophy Hunting Spain is undoubtedly the Spanish ibex and mountain hunting specialist, in fact one of their clients shot the current World Record Beceite ibex, scoring 102 2/8 SCI. The first day of the trip you will visit the Gothic District of Barcelona and will transfer to the Pyrenees in the afternoon. During the hunt, the non-hunter would have the chance to visit charming Pyrenean towns integrated in a striking landscape. At the end of the trip, if time permitting, you can also enjoy the renowned wine region of El Penedes & the lovely Mediterranean town of sites. After the hunt we highly recommend spending extra time in Barcelona as well as the Costa Brava (North Coast of Barcelona). Another good option would be to take a Mediterranean cruise from Barcelona. This donation cannot be combined with other donations or promotions. Past donation buyers cannot buy this donation.

Arizona is the place for a quality Mexicana desert bighorn sheep hunt and produces an astounding number of large, old rams. On average a third of Arizona rams taken make the B&C book every year with several scoring better than 180”. The 2020 season was again a great year for Mexicana bighorn sheep hunters in Arizona with 34 rams scoring more than 168”, 25 of those greater than 170”, and there were 5 rams scoring over 180”. Predictions for the 2022 seasons are every bit as good. The 2020 Special Tag holder took a 10-year old ram green scoring 183. There is no finer opportunity than Arizona for taking an exceptional Mexicana desert bighorn sheep.

Arizona’s desert sheep country is some of the most picturesque in the West, and an excellent backdrop for the desert bighorn sheep hunt of your life. Bighorn sheep are managed very conservatively in Arizona. The winning bidder for this tag will have 365 days to pursue a desert bighorn sheep in Arizona’s best Mexicana sheep units. The units open for this hunt include: 16B, 22 South, 24B, 28 (south of U.S. Hwy 70), 31, 32, 37A, 37B, 39, 40A, 40B, 41, 42, 43A, 43B, 44A, 44B, 45A, 45B, 45C (including the Kofa NWR), 46A, and 46B (including the Cabeza Prieta NWR) as described in Commission Order 29. The buyer of this tag must provide the name of the hunter to be printed on the tag to the Arizona Game and Fish Department within 60 days of the auction. The hunter to be named on the tag is now also required to possess or purchase a valid Arizona hunting license (the hunting license is no longer included with the tag).

All proceeds from the sale of this tag are used to fund on-the-ground bighorn sheep projects such as translocations, water developments, surveys, habitat enhancements, and highway mitigation research. No administrative expenses incurred by either the Arizona Desert Bighorn Sheep Society or the Wild Sheep Foundation come from this sale; it all goes on the mountain. To date, this tag has raised more than $6 million strictly for bighorn sheep management: Arizona’s entire bighorn sheep special tag program (3 tags in total) has raised over $12.5 million. The Arizona Game and Fish Department is grateful to the individual hunters and the wildlife conservation organizations that continue to help fund Arizona’s bighorn sheep management program! It is a huge success. The Arizona Special Big Game License-Tag is valid for any desert bighorn sheep ram in the hunt areas listed above as prescribed in rule R12-4-120, from August 15, 2022–August 14, 2023; that’s a 365-day season. Please contact the Arizona Game and Fish Department (azgfd.com) or the Arizona Desert Bighorn Sheep Society (adbss.org) for more information.
Jeff Haynie earned his FNAWS with this desert bighorn in Baja, Mexico.

2022 Conklin Award Winner: Sergey Yastrzhembskiy

Sergey Yastrzhembskiy began hunting in 1996 at the age of 43. Since then he has hunted in over 50 countries. He has taken over 170 Conklin animals, which has resulted in him winning the award this year. He is the 20th winner of the “Tough Man” award, named after the late, Dr. James Conklin, a Weatherby Award winner that loved to hunt difficult animals throughout the world.

Sergey was from 1996-2008 the spokesman for President B. Yeltsin and after that the Deputy Head of the Presidential Administration and Aid to President V. Putin. Since retiring, he has made over 60 documentaries about hunting benefits. He has received over 20 national and international awards for his hunting and conservation films. He persevered over the other challenging finalists; Barbara Sackman, Mark Hampton, Jan Dams, Wayne Farnsworth, and Bradford T. Black, M.D.

The Conklin Foundation would like to gratefully acknowledge and thank the following businesses and individuals for their generous donations. The support of donors makes it possible for the Conklin Foundation to continue its efforts to educate youth about hunting.
